

Welcome to Empathy School

Learn, Grow, and Lead with Empathy

We believe that through exposure to nature, individualized focus, and a strong foundation in social-emotional learning our students will grow to become the compassionate leaders and change-makers of tomorrow

Academic Year
2025 - 2026

OUR VALUES

Learn

(Curious Lifelong Learner)

- Asks questions when curious
- Thinks critically and stays open to change

- Reflects and re-centers
- Bounces back from challenges
- Learns from mistakes
- Stays balanced in a digital world

Lead

(Empathic Leader)

- Listens with care and acts with integrity
- Leads with heart and makes thoughtful choices
- Helps others feel safe and included in person and online

With Empathy

What is **TAUGHT?**

Empathy School curriculum is a mix of internationally recognized learning objectives and home-grown, **nature based experiential learning**. Each grade group has themes that guide the learning for each term.

Weekly Schedule

Different stages of development require different teaching approaches. Each school level has a **30-periods week**, but fills that time differently

Assessment and Reports

Students do not sit for high stakes, third-party exams at Empathy School. We use a mix of **student-centered assessments** and projects to understand what has been learned

Academic achievements will be communicated through Parent Teacher Conferences in **Term 1 and 3**, and a report card for each semester.

Showcase Days

At the end of each term, parents will be invited to see what our students have been learning and creating. These days give students a chance to present their work and be proud of their accomplishments.

Farmers Market

Mark your calendars for the **first Friday** of every month. You can enjoy live music, food, drinks, games, and crafts from local vendors and members of our community. Maybe your student will become an entrepreneur and host their very own booth
